PRO PLATFORM WITH DRAWER EPD000
Retrofit your LAB Wedge Kit or LAB Classic Pro Kits onto the LAB Kit Platform (with drawer). It gives you the needed space for all your tools right at your fingertips. (Pin Block not included)

Size: 21⅛"x 7¾" x 3⅛"

Features...
All LAB Universal Kits feature one-piece steel construction with Seal-Tight cover, combined with traditional ultra-thin design. ALSO...

EXCLUSIVE Dual-View® Pin Tray
Pin sizes are enlarged and printed under the clear PETG tray, both above and inside the pin pockets for easy viewing at all angles.

EXCLUSIVE Color Passport Pin Chart®
Pin sizes printed on the chart are the same color as the actual pins.

Features...
The LAB **WEDGE PRO** and **SUPER WEDGE** Pin Kits are designed with a 10° angle. This allows the user to easily view the contents without leaning over the kit to select pin sizes.

These WEDGE designed Kits are most commonly referred to by Security Professionals as the "ULTIMATE" Pin Kits.

Custom Pinning Products

REPINNING KIT
LREPIN

The LAB Repinning Kit was designed with the repinner in mind. Its unique insert has pocket depths unlike a normal pinning kit. The locksmith can customize their own repinning kit to accommodate their specific needs (ie. pins, clips, springs, cores, tools.)

- Smart Wedge Design
- Uniquely designed insert
- Sold empty
- Side drawer for tools
- Can accommodate approximately 2000 of the largest Schlage pin in the big pockets and upwards of 5000 of the smallest pin.
- Leakproof Seal-Tight Cover
- Wedge Shape with 10° angle

Drawer Size:
6½" Long
5½" Wide
1- 1⅞" Drawer
side-angled

5½"
6½"
13¼" x 10½" x 2"F x 3¼"B

STARTER KIT

The LAB Starter Kit is made of the same durable polyethylene material as the LAB DUR-X. The kit covers the needs of locksmith schools, training classes or seminars and those starting out in the industry. Tools are stored in a deep pocket under the Pinning Block.

KIT Includes:
- Polyethylene Case
- 11 Kit variations
- Molded Pinning Block
- Formed End Tweezers
- Key Gauge *(Not in Sargent LSKSGT or Arrow LSKARW)*
- Plug Follower (Not in ICore Kits)
- Kwikset Cylinder Removal Tool *(LSKKWK Only)*

NOTE: Plug follower not required in:
LSKICC, LSKOIC and LSKBIC
***NOTE: Key Gauge not in LSKSGT or LSKARW*

11 Kit Variations:
Available in the following configurations;
LSK003 - .003 Mini Metal Universal
LSK005 - .005 Mini Metal Universal
LSKSCH - SCHLAGE Mini DUR-X
LSKSGT - SARGENT Mini DUR-X **
LSKKWK - KWIKSET Mini DUR-X
LSKWSR - WEISER Mini DUR-X

CYLINDER CAP REMOVAL TOOL
LCR005
At last there is a
time saving tool to
remove the cylinder
caps from Schlage,
Weiser, Arrow
and Falcon cylinders.
This tool has been modified to
accommodate the extended tail-
piece for Schlage cylinders.
FORMED END TWEEZERS

Pin Tip

LZT001
• Curved Ends for Positive Grip
• Perfect size & weight
• Made of Stainless Steel

LAB LUBE
1.0 oz.

LLT001
Made of Polytetrafluoroethylene.
*A micronized** powder lock lubricant
that will not "cake-up" as graphite
does.
A superior friction-fighting agent.
Used by most major lock
manufacturers

***Material saftey data sheet
available at labpins.com***

INTERCHANGEABLE CORE ANNEX®

LICCB

The LAB Interchangeable Core Annex® offers the simplest method for the loading of Interchangeable Core pins, springs and caps, using only one instrument for both functions. A second time saving feature is a Slideout Code Book below the area where the core is slid in place. This allows the user to unload the core pins, springs and caps into a confined area without spilling parts in or around the work area. This Slideout Code Book is also used to decode the core to determine the bitting of the control key when it is not available and also determine the top master key bitting.

MADE OF DURABLE STAINLESS STEEL

UNITED STATES PATENT 6,021,655

LCI001 *CAPPING INSTRUMENT*
**LPE001** *PIN STACK EVICTOR*
Tools are available separately.

Born on American pride and craftsmanship, Mr. Robert A. Labbe started LAB in 1956. The purpose, to provide the finest quality lock tumbler pins and pin kits to the locksmith trade and lock manufacturers.

Mr. Labbe and his team have made LAB the single largest company in the World dedicated to the manufacturing of lock tumbler pins. Mr Labbe has done this through his hard work, innovative design and craftsmanship. He has also built a team of dedicated LAB employees, LAB Sales Representatives, and a network of the finest Security Hardware Distributors in the Industry today.

LAB provides precision lock tumbler pins, pin kits and LAB tools to over 30 of the largest lock manufactures worldwide.

In today's economy value and quality mean everything. At LAB we stand by the fact that we can produce an American made product of unrivaled quality and be able to pass it on at fair value.

Mr. Labbe's ability to design and refine standard machine operations gave birth to what is the foundation of LAB today. The dedication to quality and the commitment to provide fine American made products for the locksmith trade and lock manufacturers will take LAB into the next 50 years.
